### Airheads List

The formal email distribution list intended for technical information, and only technical information, relating to Airheads. It is recommended that you read a few messages before posting for the first time.

Everything you send to the AirList is sent to everyone else subscribed to the list. You can choose to receive everything sent to the list as separate email messages, or you can receive a digest of several list messages sent to you in a single email message.

### Airheads-Chat List

This is the informal email distribution list, for airhead lovers to discuss things among ourselves that are off-topic on the regular Airheads technical list. Politics, religion, bad jokes and anything else... possibly even motorcycles.

(WARNING: this list is essentially UNMODERATED. ESPECIALLY be aware that the list is NOT moderated for cussing and swearing, to say nothing of absurd politics and personal ranting. Don't say you weren't warned.)

List administrator: Paul Clark.

I get "plain text" errors when I try to subscribe to the Airheads Mailing Lists?

The Airheads Mailings List does not except emails that contain HTML, you will get those errors. For instructions on how to change the message format of your email program from HTML to Plain Text, go [here](#).
